## OUR JOURNEY

HOME ACCESS was taken over by THAN'S in 2016, which is initially built by Ms CHEA Kin the mother of the company since 1991. The development of the trading business initially focused on the distribution of sanitary ware, covering, office furniture, waste water treatment, lighting, and kitchenware.

With Cambodia's remarkable market growth and development, the transformation of HOME ACCESS focuses on bringing inspirations and quality services to offer a total solution from inspection to installation for people's unique lifestyle.

**Home Access**
